42 Counterparts and electronic signatures

This Agreement may be executed in multiple counterparts, each of which shall be deemed an original agreement and each of which shall constitute one and the same agreement. The counterparts of this Agreement may be executed and delivered by fax, email, and/or electronic signature (including PDF and DocuSign) by either party. 43 Dispute resolution

43.1 Any dispute arising between the parties out of or in connection with this Agreement shall be dealt with in accordance with the provisions of this clause 43.

43.2 The dispute resolution process may be initiated at any time by either party serving a notice in writing on the other party that a dispute has arisen. The notice shall include reasonable information as to the nature of the dispute.

Judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction. The institution and maintenance of an action for judicial relief in pursuit of a provisional or ancillary remedy shall not constitute a waiver of the right of any Party, including the plaintiff, to submit the controversy or claim to arbitration. This provision shall not restrict, however, each Party’s right to obtain injunctive relief to enforce any provision of this Agreement in any court of competent jurisdiction.

44 Governing law

This Agreement and any dispute or claim arising out of, or in connection with, it, its subject matter or formation (including non-contractual disputes or claims) shall be governed by, and construed in accordance with, the laws of the state of Delaware.
